

Advanced High Fashion Runway Program

Maximum Volume Modeling Academy Course Outline

OVERVIEW & PURPOSE

Advanced High Fashion Runway Program is a 6 hour training comprised of runway choreography, fashion styles and coordination, team makeup, and lecture. In-house performances and opportunity to be spotlighted in public fashion shows are included, including holiday, bridal, cruise wear, back-to-school, designer shows, etc.

The goal of this course is to develop and strengthen one's personal growth and confidence in performing in front of a live audience. Within this course of study there will be a variety of cultural themes, which involve cultural dance movement and music. .

OBJECTIVE

To prepare the student for modeling at a more advanced level with an array of terminology and choreographical skills, so that within the industry the student can model and choreograph professionally.

Prerequisite: Graduate of the Professional Modeling Course at Maximum Volume Modeling Academy and auditioning for the instructors.

(Introductory Price: \$175)

We are committed to providing the best instruction we can to each of our students. Class size is small, averaging 10 students. The social development and growing self-esteem of each person is as important as their academic growth; teamwork and cooperation are valued and modeled, no matter of age. Maximum Volume Modeling offers a diverse range of programs for age 6 years and older. With much success we have 1 on 1 tutoring is also available for any student that needs the extra help along the way.
