Dear Reader,

Objective: To Provide the Youth with the essential tools of Art and Entertainment, to promote self—esteem, confidence, and teamwork. Exposing our students with facts to create well—rounded individuals, from their teens to becoming an adult. Relating to fundraising, this program could potentially be a solution to finances and student activities combined.

During the times of our course we will conduct a plethora of engaging and interactive workshops that indulge in fundamental performance, esteem, and etiquette principles. Our sessions are geared to uplift, promote cultural awareness, and opportunity through the momentum of the entertainment industry. Our program will serve as the springboard and initial outlet for those with the will and drive to enter into the industry, all while developing a new mean of social and self development as well as the appreciation of Fashion and Entertainment innovation.

This session is limited to 25 students, allowing excellent individual attention. Upon entry students are eligible to be placed with

1 of our three teachers. The goal of this is to prepare new models for career opportunities in the modeling profession gaining exposure to metropolitan model and talent agencies, and local employers.

Our relationship style of management assists in bringing out the best in each individual. The skills obtained through the programs will equip a student for life. Students will gain the confidence and composure to handle life's challenges and meet the entertainment world with a fresh bold attitude and positive self—assurance and professionalism.
